

## **A big thank you from some Happy Customers to Spencer Patrick – 30<sup>th</sup> Nov 2010**

Hi Spencer,

Just a few lines to say many thanks for your special treatment we were given at both of your restaurants. We were just so impressed with the food, the service, the ambiance, everything  
Two nights to remember

The night at Harrison's was actually magical on Saturday 13<sup>th</sup> November. We thought we had done some pretty good restaurants over the years but yours comes out on top

Our friends from England who were with us in Port Douglas were just blown away  
And your young lady at front of house at Bucci, Sarah I believe, she was sensational. If you told her to look after us she did it with style. The food was to die for.

So keep up your passion it shows in your business.

Your willingness to talk to us when we came looking at the front of the restaurant.

Then your delivery of fantastic food with all the trimmings of good staff and ambiance to match.

We will return  
Kind Regards  
Sue & Barry Day
